EXAMINER'S AMENDMENT/REASONS FOR ALLOWANCE

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone reply on 10/13/03 to the interview with Mr. Ronald Goldman on 10/09/03.

The application has been amended as follows:

In the claims:

In claim 10, on line 4 thereof, "piezoelectric layer of material" has been changed to - - piezoelectric layer of insulating material - -.

In claim 10, on line 10 thereof, "piezoelectric layer of material" has been changed to - - piezoelectric layer of insulating material - -.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The Examiner agrees with Applicant's arguments that the prior art reference to Poirier et al. only discloses a piezoelectric that is a "semiconductor" not an insulator as required by claims 1 and claim 10 as amended above, and does not disclose the

resonators being "acoustically either approximately critically coupled or over-coupled" (claim 4). The Examiner also agrees that the intervening layers between the resonators of the prior art reference to Weber do not "acoustically couple" the resonators, but rather isolate the resonators which "affects" acoustic coupling, wherein the difference was pointed out by the Examiner in the prior Office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
